

# **Cowboy In The Sunshine**

Song lyrics by Malan Darras 2021

# Sunsets

Sometimes I feel good  
Sometimes I feel bad  
Sometimes I get so lost  
Can't remember how much I have

Somedays the mirror says  
It's time for this game to end  
And I profess I will do my best  
To right this ship again

The sun sets  
The sun rises

I smell the summer breeze  
blowin' through the trees  
The sun is high and so am I  
And I'm feelin' sweet relief

Then I hear the voices call  
And the darkness falls  
And I go off the rails again  
Tryin' to lose it all

The sun sets  
The sun rises  
There should be no surprises  
When the darkness is gone  
A new day will dawn  
And you know the sun will be shining

'Til the sun sets

# Rock n' Roll

There's a house on a hill  
The family's long gone but the memory lives there still  
It's out in Byng, Oklahoma  
And tonight it feels so far away from California

We didn't have no money  
But we could have a good time  
Ya know we got our dinner  
Right off a fishin' line  
And I remember daddy  
He was a friend of mine

He said the devil is all you need  
The devil's gonna get your soul  
Devil's gonna teach you to play  
Rock n Roll

Back in the house on the hill  
He said he'll quit drinkin'  
But he probably never will

So we got movin'  
Into town  
And I'm still sittin' here  
Tryin' to drink the memory down

We didn't have no money  
But we could have a good time  
Ya know we got our dinner  
Right off a fishin' line  
And I remember daddy  
He was a friend of mine

He said the devil is all you need  
The devil's gonna get your soul  
Devil's gonna teach you to play  
Rock n Roll

# Carried Away

What would you say  
If I told you  
I was feelin' this way  
About you

Where would you go  
When you packed up all your bags  
and ran away  
Cause wouldn't you?

I've got a letter written in my mind

But I will never tell you what I'm thinkin'  
I would never risk chasin' you away  
I will be your friend forever  
If you want it I could do it that way

What do you see  
When you look across the room  
And smile at me  
Like you did tonight?

How would it feel  
To be holdin' on to  
Somethin' that is real  
I bet it'd feel right

I've got a letter written in my mind

But I will never tell you what I'm thinkin'  
I would never risk chasin' you away  
I would be your friend forever  
If you want it I could do it that way

Or we could build castles in the sky  
We could get lost in love in one another's eyes  
I could wrap you in my arms  
And carry you away

# Now I Can't Feel

Oh baby let me lay my head  
on your pillow  
And fall asleep in your bed  
for a little while  
It's been a long hard road  
I've been travelin' on  
And it's getting darker with  
every mile

Can we go back to the time we were in love  
Cuz your taste on my lips, it is with me still  
Once love was real  
but now I can't feel

Oh baby let me play with your hair  
as we travel  
I know it helps to tame your mind  
when it's wild  
Pass through a big black hole  
to a distant star  
Back to a place you know  
in your mind

I'll take you back to the time we were in love  
Cuz your taste on my lips, it is with me still  
Once love was real  
but now I can't feel

Let's turn around  
and love like it's the last time  
Promise me know  
don't never say goodbye  
Cuz I'm breakin' down  
And your taste on my lips is  
with me still

Once love was real  
but now I can't feel

# Truth Is They're Lyin'

Back in the day when we were young  
We put our faith in anyone  
We opened the doorway to our soul  
They came and they took control

And now their bank accounts are full  
Why?

Nobody really knows

They told us how much we had to spend  
Said everyone else already pitched in  
We asked them why we have to pay  
They told us we got to have some faith

And now their bank accounts are full  
Why?

Nobody really knows  
What makes a soul  
Or where it goes upon our dyin'  
People here on earth  
tryin' to put it into words  
They know the truth is they are lyin'

Cause the halls of kingdom come  
They are are free for everyone  
You can put your purse away  
Cause you can't buy a ticket through the pearly gates

Why?  
Nobody really knows

# Old Dirt Road

Sun will set and moon will rise  
Another year is blowin' by  
I remember your words  
Just before we said goodbye

You said

If you see an old dirt road  
Let it lead you home  
To a place where people like you belong  
But hurry before the light is gone

Not sure what I thought I'd find  
Sometimes a man can be so blind  
I wonder if it is too late  
To stop the tape and press rewind

If you see an old dirt Road  
Let it lead you home  
To a place where people like you belong  
But hurry before the light is gone

# Oklahoma Weather

Yesterday it was 80 degrees  
But today it's snowing  
Mother nature is so indecisive  
She reminds me of me

One day I watch all the leaves bud  
The next I see the snow come and kill it all  
It might seem cruel at first glance  
But possibly, the leaves decided to take their chances

And life changes  
Like Oklahoma weather  
And I see the sun is shining  
My heart changes  
Like Oklahoma weather  
And I see her on my horizon

# The Hill

Good morning from the hill  
Where the sun is shinin' down  
Where the ravens and the hawks circle the ground  
Where baby birds are born  
And the lizards try to stay warm  
And hardly anybody comes around

Some people say  
what a lonely place to be  
But it's heaven on earth to me

You can hear the whisperin' wind  
singin' her song again  
And the city lights they look so far away  
A mourning dove stops by  
we can't talk but we both try  
I swear he's understandin' what I'm sayin'

Some people say what a lonely place to be  
But it's heaven on earth to me

Good evening from the hills  
Where the moon is rising still  
Coyotes and the owls come out to play  
Lift up your evenin' drink  
And take some time to think  
How lucky you are to be alive today

Some people say what a lonely place to be  
But it's heaven on earth to me
